

Purissima Pipeline

Purissima Hills Water District is Proud to Sponsor:
“Shaped By Water – Past, Present & Future”
An Exhibition on the History of Water in Santa Clara County

The role of water in shaping the history of Santa Clara Valley – and how its usage will shape our future moving forward – is showcased in the Los Altos History Museum’s exhibition, “Shaped by Water – Past, Present & Future,” on display now through April 22, 2012. Through photographs, art, stories, and interactive activities, visitors will gain a greater appreciation of the role water plays in our lives – and learn new ideas to protect and preserve this essential resource. To further augment the exhibition, the Museum will also present an inspiring slate of educational programs and events scheduled throughout the course of the exhibition. Upcoming events are listed below. Please visit www.losaltoshistory.org for the latest programming information.

Community Build of Daniel McCormick’s Watershed Sculpture at Adobe Creek

Join artist Daniel McCormick in restoring a creek bank using willow and other natural materials to create a beautiful living sculpture.

When: January 13-16, 2012, 9:30 a.m. – noon and 1 – 4 p.m. each day
(weather permitting – check website for up-to-date information)
Where: Redwood Grove, Los Altos
What: Free, limited attendance, registration required at www.acterra.com/stewardship

Water Magic Show

Come see a magical and musical presentation by the Water Wizard. Entertaining and educational!

When: February 4, 2012, 1 – 2 p.m.
Where: Los Altos Library, Program Room
What: Free, ages 5 – adult. www.santaclaracountylib.org/losaltos

Lawn Replacement Workshop – Meadow Lawns

Want to learn how to replace your resource intensive lawn with beautiful native plants? Come to this free workshop sponsored by the Purissima Hills Water District to learn how to do it easily and economically. The workshop includes a lecture by Acterra staff, as well as an opportunity to try sheet mulching. Individual consultations will be provided, so please bring your questions and any photos or plans that you may have. Acterra's native plant nursery located in Foothills Park will be open for class participants.

When: January 28, 2012, at 9:30 a.m.
Where: Foothills Park – Interpretive Center off of Page Mill Road, Palo Alto
What: Lecture, hands-on practice, and a Q/A session with brief consultations at the end of the workshop.

Registration is required. Please register at www.eventbrite.com/event/2545248908/eorg or by contacting Alexis Shields, Water Conservation Specialist, at ashields@purissimawater.org or calling 650-948-1217. Alexis will be happy to answer your questions, as well.
