

It's Finally Here!

Many customers have requested seminars specifically pertaining to proper irrigation techniques. Well, you asked for it and you got it! **Mark your calendars for Wednesday, July 20th**, when Purissima Hills will be hosting an irrigation seminar from 9:00 to 11:00 a.m. in the Town of Los Altos Hills Council Chambers (26379 Fremont Road). This is not your typical "sit and look at slides" discussion. Stephanie Curtis from Curtis Horticulture will be providing an in-depth discussion on irrigation which will include overhead spray, drip options, proper timer scheduling, and over-all irrigation applications. Irrigation components will be shown for better understanding of the products. Six **Hunter Rain-Clicks** will also be raffled off at the end of the seminar!

To register for the seminar, please email Alexis Shields, the District's Water Conservation Specialist, at ashields@purissimawater.org or call (650) 948-1217 to leave a message.
